[Intro]

**F G Am** (x3)

[Verse 1]

**Am** **G** **F** **Am**  
Iâ€™m an ordinary man, nothing special, nothing grand  
**F** **G** **Am**  
Iâ€™ve had to work for everything I own  
**Am** **G** **F** **Am**  
I never asked for a lot, I was happy with what I got  
**F** **G** **Am**  
Enough to keep my family and my home

**F** **G** **Am** **F**  
Now they say that times are hard and theyâ€™ve handed me my cards  
**F** **E**  
They say thereâ€™s not the work to go around  
**Am** **G** **F** **Am**  
And when the whistle blows, the gates will finally close  
**F** **G** **Am**  
Tonight theyâ€™re going to shut this factory down  
**F G Am**  
And theyâ€™ll tare it d-o-w-n

[Bridge]

**F G Am**

[Verse 2]

**Am**                      **G**                      **F**                      **Am**  
I never missed a day, nor went on strike for better pay  
**F**                      **G**                      **Am**  
For 20 years I served them best I could  
**Am**                      **G**                      **F**                      **Am**  
Now with a handshake and a cheque it seems so easy to forget  
**F**                      **G**                      **Am**  
Loyalty through the bad times and through good  
  
**F**                      **G**                      **Am**                      **F**  
The owner says heâ€™s sad to see that things have got so bad  
**F**                      **E**  
But the captains of industry wont let him lose  
**Am**                      **G**                      **F**                      **Am**  
He still drives a car and smokes his cigar  
**F**                      **G**                      **Am**                      **F**                      **G**                      **Am**  
And still takes his family on a cruise, heâ€™ll never lose

[Instrumental]

**F**    **G**    **Am**

[Verse 3]

**Am**                      **G**                      **F**                      **Am**  
Now it seems to me such a cruel irony  
**F**                      **G**                      **Am**  
Heâ€™s richer now than ever he was before  
**Am**                      **G**                      **F**                      **Am**  
Now my check is spent and I cant afford the rent  
**F**                      **G**                      **Am**  
Thereâ€™s one law for the rich, one for the poor  
**F**                      **G**                      **C**                      **G**                      **Am**  
Every day Iâ€™ve tried to salvage some of my pride  
**F**                      **E**  
To find some work soâ€™s I might pay my way  
**Am**                      **G**                      **F**                      **Am**  
Oh but everywhere I go, the answers always no  
**F**                      **G**                      **Am**  
Thereâ€™s no work for anyone here today  
**F**    **G**    **Am**  
No work t-o-D-A-y

[Instrumental]

**F**    **G**    **Am**

[Verse 4]

**Am**                                **G**                                **F**                **Am**  
And so condemned I stand, just an ordinary man  
                             **F**                **G**                                **Am**  
Like thousands beside me in the queue  
**Am**                                **G**                                **F**                                **Am**  
I watch my darling wife trying to make the best of life  
                             **F**                                **G**                                **Am**  
And God knows what the kids are going to do  
                             **F**                                **G**                                **C**                **Am**                **F**  
Now that we are faced with this human waste  
**F**    **E**  
A generation cast aside  
**Am**                                **G**                **F**                                **Am**  
As long as I live, I never will forgive,  
                             **F**                                **G**                                **Am**    **F**        **G**        **Am**  
Youâ€™ve stripped me of my dignity and pride, you stripped me bare  
                             **F**        **G**        **Am**    **F**        **G**        **Am**  
Youâ€™ve stripped me bare, youâ€™ve stripped me bare.

[Instrumental] (Until End)

**F**        **G**        **Am** (x6)
