

Rock 'N' Roll Music
Chuck Berry

G#7

Just let me hear some of that...

Chorus:

C#

Rock and roll music

C#

Any old way you choose it

F#

It s got a back beat, you can t lose it

C#

Any old time you use it

G#7

It s gotta be rock and roll music

C#

If you wanna dance with me

G#7

C#

If you wanna dance with me

G#

I have no kick against modern jazz

G#7

C#

Unless you try to play it too darn fast

F#

I lose the beauty of a melody

G#7

Until it sounds just like a symphony

G#7

That s why I go for that...

**Chorus

G#

I took my love on over cross the tracks

G#7

C#

So she could hear a man a-wailin sax

F#

I must admit they had a rockin band

G#7

And they were blowin like a hurrican

G#7

That s why I go for that...

**Chorus

G#

Way down south they gave a jubilee

G#7

C#

And Georgia folks, they had a jamboree

F#

They re drinkin home brew from a wooden cup

G#7

The folks dancin got all shook up

G#7

And started playin that...

****Chorus**

G#

Don t get to hear em play a tango

G#7

C#

I m in no mood to take a mambo

F#

It s way too early for the congo

G#7

So keep on rockin that piano

G#7

So I can hear some of that...

****Chorus**

é disso que eu tô falando! Essência Rock!!
