

**No Rubber Tired Vehicles Beyond This Point**  
**Chuck Ragan**

This is my first tab, so hopefully you find it useful. I m not very good at guitar, but love to play along to Chuck and friends. The progression is Bm-G-D-Asus (I don t know the theory so it may not be Asus. Chord given below) Listen for the hammer-ons with pointer finger. Standard tuning, no capo.

**Asus** - (x02230)

**Bm** **G**  
I came home late tonight  
**D**  
I may have been stuck in my thoughts  
**Asus** **Bm**  
Or just in the snow  
**G**  
Buried deep under the white  
**D**  
Digging like an animal  
**Asus** **Bm**  
Far from civilized  
  
**G**  
If I could feel my feet  
**D**  
I m sure that they would probably hurt  
**Asus** **Bm**  
But they re still a part of me  
  
**G**  
Tired of barking dogs  
**D**  
Tired of being lost  
**Asus**  
I know now what it costs  
  
To be so sure  
  
**Bm** **G**  
That I m not a fool, breaking rules  
**D** **Asus**  
Falling sun, luck has gone  
**Bm** **G**  
Freezing cold, feeling old  
**D** **Asus**

One desire to move...

I still see the words  
Far beyond the warning sign I passed hours ago  
I still hear the voice  
Telling me of all the things  
Faces that could have been

Now I m not so sure  
That I m not a fool, breaking rules  
Falling sun, luck has gone  
Freezing cold, feeling old  
One desire to move...

Now I m such a fool, breaking rules  
Falling sun, luck has gone  
Freezing cold, feeling old  
One desire to move on
