

No Rubber Tired Vehicles Beyond This Point
Chuck Ragan

This is my first tab, so hopefully you find it useful. I m not very good at guitar, but love to play along to Chuck and friends. The progression is Bm-G-D-Asus (I don t know the theory so it may not be Asus. Chord given below) Listen for the hammer-ons with pointer finger. Standard tuning, no capo.

Asus - (x02230)

Bm **G**
I came home late tonight
D
I may have been stuck in my thoughts
Asus **Bm**
Or just in the snow
G
Buried deep under the white
D
Digging like an animal
Asus **Bm**
Far from civilized
G
If I could feel my feet
D
I m sure that they would probably hurt
Asus **Bm**
But they re still a part of me
G
Tired of barking dogs
D
Tired of being lost
Asus
I know now what it costs
To be so sure
Bm **G**
That I m not a fool, breaking rules
D **Asus**
Falling sun, luck has gone
Bm **G**
Freezing cold, feeling old
D **Asus**

One desire to move...

I still see the words
Far beyond the warning sign I passed hours ago
I still hear the voice
Telling me of all the things
Faces that could have been

Now I m not so sure
That I m not a fool, breaking rules
Falling sun, luck has gone
Freezing cold, feeling old
One desire to move...

Now I m such a fool, breaking rules
Falling sun, luck has gone
Freezing cold, feeling old
One desire to move on

Bm **G**
If I ve come home late tonight
D **Asus**
I may have been stuck in my thoughts...
