**G#**  
Fare thee well old friends  
                  **Eb**  
Fare thee well we go  
**Fm**                  **C#**  
Burning up fuel and road  
                  **G#**  
Oh but bet your stars  
                  **Eb**  
One day we ll return  
          **Fm**          **Eb**          **G#**  
For revival, sin and soul

**Fm**  
Well the color of road  
                  **G#**  
Is as black as the coal  
          **Eb**                          **C#**  
The old-timers burnt into ash  
                  **Fm**  
And the lines laid in gold  
                  **G#**  
Lead us all the way home  
          **Eb**                          **C#**  
We follow them as hours pass  
                  **C#**                          **G#**          **Eb**  
While the diesel engine s humming like the rain...  
                  **C#**                          **G#**          **Eb**  
All while the rubber tires are burning up to sing...

**G#**

Fare thee well old friends

**Eb**

Fare thee well we go
