Fare thee well old friends
C#

Fare thee well we go

Ebm B
Burning up fuel and road
F#

Oh but bet your stars
C#

One day we ll return
Ebm C# F#
For revival, sin and soul

Ebm
Well the color of road
F#
Is as black as the coal
C# B
The old-timers burnt into ash
Ebm

And the lines laid in gold
F#

Lead us all the way home
C# B
We follow them as hours pass

B F# C#
While the diesel engine s humming like the rain...
B F# C#
All while the rubber tires are burning up to sing...

F#

Fare thee well old friends

Fare thee well we go

Heading down, heading south

Come south we head north

To the west where the west never won

Ebm **F#**

Chasing lonesome whistle bells

C# **B**

And iron to falling suns

B **F#** **C#**

While the diesel engine s burning like a train...

B **F#** **C#**

In that old familiar Norfolk southern way...

Fare thee well old friends

Fare thee well we go
