Gun

```
CHVRCHES
[Verse]
You had better run from me with everything you own
Cause I am gonna come for you with all that I have
I am gonna break you down to tiny, tiny parts
I never believed but I see it now
I m learning your lesson, I'm learning your lesson
[Chorus]
      Dm
Did it make you feel so clever?
       Вb
Did you wear it on your sleeve?
                                        Bb
Did you see another picture where I was not a part so far entwined?
[Verse]
There is no other way never run far
Take a good swing at me and everything is even
So finally we agree no place for promises here
You better run, you better run so
Hide, hide, I have burned your bridges
I will be a gun and it s you I ll come for
Hide, hide, now it s all so easy
I will be a gun and it s you I ll come for
Bb
Who are you to tell me how to keep myself afloat?
I treaded water all the while
You stuck in the knife that you held at my back
[Chorus]

Did you see another lifetime where I was not a part so far entwined?

There is no other way never run far
Take a good swing at me and everything is even
So finally we agree no place for promises here
You better run, you better run so
Hide, hide, I have burned your bridges

Now I ll be a gun and it s you I ll come for
Hide, hide, now it s all so easy
