[Intro]

C# Fm F#

[Verse]

 Bbm G# C#
Never took your side, never cursed your name;
 F# G#
I keep my lips shut tight until you go.

We ve come as far as we re ever gonna get
 F#
until you realize that you should go.

[Chorus]

 C# Fm
I m in misery where you can seem as old as your omens,
 F#
and the mother we share will never keep your proud head from falling.
 C# Fm
The way is long, but you can make it easy on me,
 F#
and the mother we share will never keep our cold hearts from calling.

[Verse]

 Bbm G# C#
In the dead of night, I m the only one here
 F# G#
and I will cover you until you go;
 Bbm G#
cause if I told the truth, I will always be free
 F#
and keep a prize with me until you go.

[Chorus]

I m in misery where you can seem as old as your omens,
 F#
and the mother we share will never keep your proud head from falling.
