A#m **D#m**
I got to be honest with you
A#m **D#m**
It wasn't to be this way
A#m **D#m**
And everything we've been through now
A#m **D#m**
Jah knows that I prayed
Fm **D#m**
And now I really know a special love is hard to find
Fm **D#m**
And everything in you is just a little divine
Fm **D#m**
And now I know... my life was cool by your side
Fm **D#m**
And you are everything I searched all of this time

A#m **D#m**
I don't wanna go home... without you baby
A#m **D#m**
I don't wanna go home... without you
I don't wanna go home... without you baby
I don't wanna go home... without you

Eu tenho que te dizer
Que eu penso muito em você
E não foi bem assim que eu quis não
E Jah sabe que eu tentei

E agora eu to longe e era bom demais
Eu canto pra fugir do que a distancia me trás
E agora eu sei da falta que você me faz
E o que é menor que isso, vê se deixa pra trás

I don't wanna go home... without you baby
I don't wanna go home... without you
I don't wanna go home... without you baby
I don't wanna go home... without you
