Where To Now
Cider Sky

Capo 1

~Chords with * next to it are strummed once, and chords with @ next to it is strummed downward only~

Intro: **C Em** x2

```
         C
Tell me, where to now?
           Em
 Cause the lights are out,
        Am
And the covers,
        F
And the gloves,
    G6
Are off

           C
There s no win or lose
             Em
So go ahead, make your move
           Am              F    G6
Let s just pray that it s good enough
          F*        Em*             C*       Am*
There s a war in my heart, getting tired of fighting
         F*            Em*        C*         Am*
When you say that you love me it hurts like lightning

F     C  G6
Where to now (Who knows)
F     C  G6
Where to now (Who knows)
F     C  G6
Where to now (Who knows)

C Em

        C
Someone stop the clock
           Em
Before the good gets lost
          Am           F
Before my heart has to start again

       C
Will I go alone
```

```
            Em
Or will you bring me home
    F              Em        C      Am
You see through my eyes like broken windows
   F                Em     C        Am
So tell me if we re dying, before I let go (Who knows)

F     C  G6
Where to now (Who knows)
F     C  G6
Where to now (Who knows)
F     C  G6
Where to now (Who knows)
F     C  G6
Where to now (Who knows)

C@
Bitter pleas, bitter pleas
   Em@
This heart
C@
Bitter pleads, bitter pleas
    Em@   Em*
This heart
         F*            Em*        C*          Em*  Am*
When you say that you love me it hurts like lightning

F     C  G6
Where to now (Who knows)
F     C  G6
Where to now (Who knows)
F     C  G6
Where to now (Who knows)
F     C  G6               F*
Where to now (Who knows)
```
