

Unsaid Things
Cimorelli

E A B

the whole song.

Lyrics:

Lauren:

I could tell you
The things I left unsaid
I could tell you
How I felt my cheeks burn red
You were the one
The only one I wanted
I could tell you these things I left unsaid

Christina:

Standing in a circle
Of people we knew
Everyone's talking but I'm only looking at you
It's funny how you can be the only one I see
When you're the one who's clearly looking at her
Instead of me

Amy:

I could tell you
The things I left unsaid
I could tell you
How I felt my cheeks burn red
You were the one
The only one I wanted
I could tell you these things I left unsaid

Dani:

I can still feel the tears coming up in my throat
As I went out to the bathroom to be alone

Lisa:

I looked in the mirror and I asked the girl looking back
How did we get here?
What am I missing?
Why am I the only one he's not missing?

Amy:

I could tell you
The things I left unsaid
I could tell you

How I felt my cheeks burn red
You were the one
The only one I wanted
I could tell you these things I left unsaid

Kath:

It was just me
The only one who felt so alone
In a room full of people
I shouldâ€™ve knownâ€|

Lauren:

I could tell you
The things I left unsaid
I could tell you
How I felt my cheeks burn red
You were the one
The only one I wanted
I could tell you these things I left unsaid

All:

Yeah-yeahhhh
Whoaaa-oh-whoaaa
Yeah-yeahhhh
Whoaaa-oh-whoaaa
Yeah-yeahhhh
Whoaaa-oh-whoaaa

I could tell you these things I left unsaidâ€|
