Dance, Girl, Dance- Cinerama

**D**                    **Bm**                    **G**  
I thought that we could just lie here, but yes  
**D**                    **Bm**                    **G**  
I know how you love dancing in that dress  
**A**                    **Bm**  
And yes, I love to watch  
**Em**                    **A**  
You soothe away my troubles  
**D**                    **Bm**                    **G**  
But now slide those freshly shaven legs into  
**D**                    **Bm**                    **G**  
The clean cold sheets I ve put on just for you  
**A**                    **Bm**  
With every single touch  
**Em**                    **A**  
My love for you just doubles  
   **D**                    **G**  
But of course none of this has happened at all, yet  
         **D**                    **G**  
We ve not even spoken, but I ll bet  
**Em**                    **A**  
Once you re through my door  
**Em**                    **A**  
You ll want to stay for ever more  
   **D**                    **G**  
Because I will hold you so tight, I ll make you see how  
         **D**                    **G**  
You are the right woman for me now  
**Em**                    **A**  
Just give me a glance  
**Em**                    **A**  
To show me that I ve got a chance  
  
All this cavorting is designed to tease  
And girl your dancing drives me wild so please  
Do it one more time

But make it last forever

Oh how come none of this has happened at all, yet  
We ve not even spoken, but I ll bet  
Once you re through my door  
You ll want to stay for ever more  
Because I will hold you so tight, I ll make you see how  
You are the right woman for me now  
Just give me a glance  
To show me that I ve got a chance

Oh dance, girl, dance

None of this has happened at all, yet  
We ve not even spoken, but I ll bet  
Once you through my door  
You ll want to stay for ever more  
Because I will hold you so tight, I ll make you see how  
You are the right woman for me now  
Just give me a glance  
To show me that I ve got a chance
