

Dyed In The Wool  
Circa Survive

Capo on 4th fret.

**C**

Its so sad for us when we find ourselves

**Am**

giving away, giving away

**C**

and its a shame for us when we find ourselves

**Am**

going to waste, going to waste

**F**

so throw away the love that we made.

**Am** **C**

(I know, I know)

**F**

**G**

and nothings going to change that

**Am** **C**

(I know, I know)

**F**

**G**

**F**

**G**

and nothings going to change that hopeless feeling

**E**

**Am**

**F**

**G**

I get when you say you understand and I know you cant

**C**

Theres no reason to be here we should pack up and leave

**Am**

I have never felt that way before totally alone

**C**

theres no reason to leave here, theres no reason to leave

**Am**

I have never seen you act that way before, totally exposed.

**F**

As you throw away the love that we made

**Am** **C**

(I know, I know)

**F**

**G**

and nothings going to change that

**Am** **C**

(I know, I know)

**F**

**G**

**F**

**G**

and nothings going to change that hopeless feeling

**E**

**Am**

**F**

**G**
