The Aadd9 stuff was bothering me, so I decided to finally fix it. Let me know what you guys think. Not many people know of Circa Survive, but I love them.

If you have any questions/comments, feel free to email me

Tuning: Standard E
Capo on the 3rd fret

INTRO: **Em G C Asus2** x3

(alternate the **C** and **Cmaj7** as you hear it in the song)

for the Asus2, there is another alteration but I can't figure out what the chord is. this is what it looks like when played

```
e|-0-00-00000-00-0000---|
B|-0-00-00000-00-0000---|
G|-2-20-00002-20-0000---|
D|-2-22-22222-22-2222---|
A|-0-00-00000-00-0000---|
E|-----|
```

Em **G**
Scratched out a note I wrote for you

C
to wake and read

Asus2
to know that I was there once

Em **G** **C**

I knew that there was nothing that I could write to assure you

Asus2

of my return

Em

G

But all the paper said when I was done is

C

Asus2

â€˜do you still want me?â€™

Em

G

C

because Iâ€™d be terrified if I had to leave this place today

Asus2

We havenâ€™t saved the baby

D

As I said

my darling

Cadd9

D

spring is constantly calling me

Cadd9

E

Em

and thereâ€™s no place that Iâ€™d rather be

G

Cadd9

I wonâ€™t be angry

D

Em

if you have to leave,

G

Cadd9

but I wonâ€™t be waiting

D

Em

for that day

G

Cadd9

So donâ€™t say youâ€™re sorry because

D

Em

I wonâ€™t believe

G

D

D

I won t believe you

Interlude: **Em G C Asus2** x2

Em **G** **C**
Didn't see a sticker on the door when we walked in

Asus2

but I know it's going to cost us

Em **G** **C**
the same amount of love it takes to get you through

Asus2

but it never moves you

Em **G** **C**
I'd be terrified if I had to leave this place today

Asus2

It's where I threw my love away

Em **G** **C**
Then we saw a different side of "Annie" nobody saw

Asus2

She tried to kill the baby

D

and the earth and its skin will open up

Cadd9 **D**

and birth out a perfect mirror

Cadd9 **E** **Em**

that makes all our reflections clear

G **Cadd9**

I won't be angry

D **Em**

if you have to leave,

G **Cmadd9**

but I won't be waiting

D **Em**

for that day

G **Cadd9**

So don't say you're sorry because

D **Em**

I won't believe

G D D
I won t believe you

Outro: **Em G C Asus2** (repeat til end)
