

## Crash

### Citipointe

This is the original

Just transpose -4 then you can play it in the shape of G

#### [Intro]

**G#m**            **E**            **B**            **F#**  
|1---2---3---4---| |1---2---3---4---|

#### [Verse 1]

**G#m**                            **E**  
I lift my eyes towards the light  
         **B**                            **F#**  
And gaze upon Your face  
**G#m**                            **E**  
Arms are wideand head is high  
**B**                                    **F#**  
Enveloped by Your Grace

#### [Verse 2]

**G#m**                            **E**  
I had walked a lonely path  
         **B**                            **F#**  
Then You called my name  
**G#m**                            **E**  
Covered by unfailing light  
**B**                                    **F#**  
You met me more than halfway

#### [Pre Chorus]

**G#m E**                    **B**  
For I once was lost  
         **F#**  
But then You found me  
**G#m E**                    **B**        **F#**  
         Then You found me

#### [Chorus]

**E**        **E**        **E**  
Now I run, run, run into you  
**G#m**                            **B**  
With Your arms out wide  
         **E**  
I crash right into your love

**G#m** **B**  
And give You my life  
**E**  
Nothing compares to you  
**G#m B**  
You are the only Truth  
**E** **G#m B**  
Nothing compares to You my God

[Bridge]  
**E**  
Hope has been restored  
**F#** **G#m**  
Love has conquered all now  
**B** **F#**  
Your Kingdom all around me in wonder  
**E**  
Joy has set its hold  
**F#**  
Grace come take control  
**G#m** **B** **F#**  
I ve been washed in Your redeeming power
