It s too hard and time consuming to put the progressions in with the lyrics

i ll leave it to you- dick is too good a lyricist to work out where to play

each chord for each wrod- i can t be fucked to do it....

interlude before chorus: (power chords) A D A D A DDDDDDDDDD

the chorus is just power chords:

**G Bb D F** (octave) **G** (octave) **D C F** (octave)  
**G Bb D F** (octave) **G** (octave) **D C C**

And the little interludy bit is just

G maj Bb maj and Fm maj

and that s about it for the chords...
