

**I Dont Need To Know**  
**City and Colour**

Verse: **C Em Am**

Repeat for basically whole song until:

Then you play the chords: **G F**

for that part and later on in the song aswell

No I don t need I don t need to know no I don t need to know  
I don t need to know I don t need to know

I don t need to know  
why the oceans blue or how the flowers grow  
I don t need to love  
waiting on someone to forgive me for my sins

Like my father before me  
I m a working man a working man

But I don t need to believe in something that won t save my sanity

No I don t need I don t need to know no I don t need to know  
I don t need to know I don t need to know

I don t want to live in a world where faces change from day to day  
I don t want my life to be  
so full of doubt and misery

The years now past without a trace  
it s something that I m learning to embrace  
how most black nights are spent awake  
think about how I don t want to live that way

No I don t want to live  
I don t want to live

I don t know but I ve been told  
if you don t believe the devil owns your soul  
if this is the truth then to hell I go  
cause I don t need to know
