This is the simple version of it all. Fiddle around with the chords and try to match it to what you heard from the video.
Hopefully I got the chords right.

Capo: 2nd Fret

G

Last night I dreamt that they dropped a bomb

Am - C

Oh the sea ran dry and the winds had calmed

G

Skyscrapers fell, they all turned to dust,

Am - C

Their skeletons of steel were covered in rust

Am - Em - C

And everything I loved... and feared had all at once... disappeared
Oh everything I loved... and feared had all at once... disappeared

Colours were drained straight from the sky
And nothing living had survived
The mountains were merely removed from the earth
Silver and gold had lost all its worth

And everything I loved and feared had all at once disappeared
Oh everything I loved and feared had all at once disappeared

I woke from the dream in a cold, cold sweat

I was full of doubt and deep regret,
Suddenly it was so clear to me;
There was nothing left in which to believe

And everything I loved and feared had all at once disappeared
Oh everything I loved and feared had all at once disappeared
