SPEECHLESS

**D**

Speechless

**DM7** **G**  
I wish there were something to say

**Em** **A7**  
I drank too much of you

**D** **G**  
And now you ve gone to my head

**Em** **A7sus**  
I m laughing like a fool

**A7**  
You leave me

**D**

Speechless

**DM7** **G**  
And words I m rehearsing all day

**Em** **A7**  
Are caught up in the traffic

**D** **G**  
Getting lost in their way

**Em** **A7sus**  
They re always left unsaid

**A7**  
You leave me

**D**

Speechless

**D**

Restless

**DM7** **G**  
I count every step to the phone

**Em** **A7**  
And when I get the nerve to dial

**D** **G**  
Then you re never home

**Em** **A7sus**  
So here I am alone

**A7** **D**  
And feeling restless

Refrain:

**Em** **G**  
I wanted to say

**A7sus A7**

You re unbelievable

**D G**

But then I got caught up

**Em A7sus A7**

On my own reply

**Bm G**

If I asked you to stay around

**A7sus A7 D**

To hear what I might say

**G Em A7sus A7**

Would I see the answers in your eyes

**D**

Speechless

**DM7 G**

I look for the right things to say

**Em A7**

Whoever stole my dictionary

**D G**

Tore out the page

**Em A7sus**

It happens every day

**A7**

You leave me

**D**

Speechless

(Refrain)

**D**

Speechless

**DMY G**

I know that it s all down to you

**Em A7**

You see I m not responsible

**D G**

I ve met my full moon

**Em A7sus**

There s nothing I can do

**A7**

You leave me

**D**

Speechless
