

Somebody Tell Them
City Harbor

It took me awhile to figure out because there aren't any tabs on the Internet,
but
I finally got it to sound like the single.. It's not exactly how he plays it,
but
it's pretty close and it sounds awful good. Hope you enjoy

Tuning is some weird thing I came up with. Every string is tuned down half a
step,
but the High E and G are tuned down two steps-

D# G# C# F C D

I don't know the official name for these chords, so I will just call them a,b,c
and d. they aren't hard so I'll just show you what they look like.
