

Sorry For Writing All The Songs About You
Clara Mae

[Intro]

G C Em D

[Verse 1]

I can't help myself I put it down on paper
All the different stages, memories of us
That's the only way I know that I can shake it
Writing all our pages, every single thought

[Pre-Chorus]

I know you don't like when I'm nostalgic
No you've never tried to understand
Say you're doing fine, don't think about it
Like I do

[Chorus]

Sorry for writing all the songs about you
I know that you hate that I got more to say
Sorry for writing all the songs about you
But I had to, oh, I had to
Swear no one will know that every moment was true
All the mistakes and why you ran away
Sorry for writing all the songs about you
But I had to, oh, I had to

[Verse 2]

I can't wait for you to recognize the stories
Like when you said you loved me or that time on the rooftop

Will you act as if you haven't even heard it

Em **D**
Nothing of it really matters

[Pre-Chorus]

C **D** **Em** **D**
Cause I know you don't like when I'm nostalgic
G **Dsus4**
And go back to the start to get an end
C **D** **Em** **D**
Say you're doing fine, don't think about it
N.C.
Like I do

[Chorus]

G **C**
Sorry for writing all the songs about you
Em **D**
I know that you hate that I got more to say
G **C**
Sorry for writing all the songs about you
Em **D**
But I had to, oh, I had to
Em **G**
Swear no one will know that every moment was true
C **Em** **D**
All the mistakes and why you ran away
Em **G**
Sorry for writing all the songs about you
C **Em** **D**
But I had to, oh, I had to

[Bridge]

Em
Just to get over what we lost, what we lost
D **G** **C**
I put it in words to clear my thoughts
Em **D**
And just to get over, over us
G **C**
I had to, I had to

[Chorus]

G **C**
Sorry for writing all the songs about you
Em **D**
I know that you hate that I got more to say
G **C**
Sorry for writing all the songs about you
Em **D**
But I had to, oh, I had to
Em **G**
Swear no one will know that every moment was true

C **Em** **D**
All the mistakes and why you ran away

Em **G**
Sorry for writing all the songs about you

C **Em** **D**
But I had to, oh, I had to

[Outro]
