NOTE:

Classics IV recorded different versions in Em and also Fm.  
The most commonly heard mix on compilation albums is in Fm,  
so use a capo at the first fret.  
By the late 1990 s, the bands vocalist, Dennis Yost,  
dropped the key down for live performances to Dm, use the transpose  
function set to (-2) to display the chords in Dm for those versions.

Atlanta Rhythm Section s cover version has a key change,  
it starts off in Em and then modulates up a semi-tone to Fm.

CAPO: 1st fret (Song will then sound in Fm) See info above
