*UPDATED! HORAY! he chord is confusing? here s the explanation :

I used another form of minor/major 7,
hmm.. to be exact (from 1st string to 6th) :
Em7 = |x8757x|
Dbm7(A#) = |x656x6|
Dm7 = |x6535x|
Fm7 = |x9868x|
A7 = |x565x5|
G7 = |x343x3|
Cm7, actually it s like |8 8 8 8 10 8|.
