Clem Snide

Artist: Clem Snide

Song: Collapse

Album: End of Love

It pains me to see so few people playing Clem Snide tunes, so I thought it might help if

I made some chord charts for songs. Hope you enjoy.

Intro **C G** (Eef uses many hammer-ons on the D and A string, its easiest to listen because

they change throughout the song)

C **G**
When it finally collapsed all you heard was the radio static
C **G**
And the fluttering sound of a bird that was trapped in the attic

Am **C** **G**
But you couldn t be sure that it wasn t just all in your head
D7 **G**
As you carefully swept all the broken glass out of your bed

C **G**
When it finally collapsed all the actors were hotly protested
C **G**
But the people they had to portray, were a little depressing

Am **C** **G**
So a grass roots initiative based upon sharing and trust
D7 **G**
Went into production to harness the power of dust

(Under solo, same as verses)

C G
C G
Am C G
D7 G

C **G**
When it finally collapsed as it had been since way before when
C **G**
The pedophiles did their rendition of You ve Got A Friend
Am **C** **G**
And everyone had to admit that it wasn t half bad

D7 **G**

But they still felt uneasy fearing they d be dismissed as a fad

C **G**

When it finally collapsed giant billboards made people aware

C **G**

Of the idea that we are comprised of just water and air

Am **C** **G**

And a vandal had written that Jesus knows just how you feel

D7 **G**

When you re falling asleep, asleep at the wheel

When you re falling asleep, asleep at the wheel
