         C#                                              Bbm
Oh darling, will our love be like an evergreen tree.
 F#                                          G#                    C#
Stay evergreen and young as the seasons go.
         C#                                       Bbm
Your kisses could make love grow like an evergreen tree.
F#                                          G#                C#
Bloom in the summer s sun and the winter s snow.

```

On every branch will blossom,
F#                        Fm
Dreams for me and you.
F#                                Fm
Our tree of love will stay evergreen,
F#                                G# G#7
If our hearts stay ever true.
```

Oh darling, I love you so, don t you know that I ll be,
True til the leaves turn blue on the evergreen tree.
