

The Bridge
Clinic

(From the album: Walking with Thee)

By: The master with the fat hat (Chris)

Um... i know this isn t exactly the hardest thing to tab, but HEY, i did it any way!

```
e |-----  
B |-----  
G |-----  
D |-----  
A |-----  
E |---8-10-11--8-10-11--8-10-11-10-----
```

Then a different tremolo type effect kicks in...

Just play around with those notes throughout the song... i can t be arsed to write the whole song down, but it s pretty simple because it just follows the same sorta pattern.

At the end of the song (about 2min: 51sec) this starts playing:
(play the following twice)

```
e |-----  
B |-----  
G |-----  
D |-----  
A |-----  
E |--8-8-10-10-11-11-10-10-8-8-10-10-11-11-10-10-8-8-10-10-11-11-10-10
```

```
e |-----  
B |-----  
G |-----  
D |-----  
A |-----  
E |--8-8-10-10-8-8-6-6-8-8-----
```
