Killin Time
Clint Black

[Verse]
Bb   **Eb**
You were the first thing that I thought of
                                           G#
when I thought I drank you off my mind.
                              Eb
When I get lost in the liquor
                          Bb
you re the only one I find.
      Eb
If I did the things I oughta
                           G#
you still would not be mine
                               Eb
So I keep a tight grip on the bottle
         Bb   **Eb**
gettin loose and killing time.

[Chorus]
Eb   **G#**   **Eb**
This killin time. is killin me.
                 Bb   **Eb**
Drinkin myself blind thinkin I won t see
                              G#   **Eb**
that if I cross that line and they bur-y me
                    C#   **G#**   **Eb**
well, I just might find I ll be killin time for eternity.

[Verse]
          Eb
I don t know nothin bout tommorow,
                          G#
I ve been lost in yesterday.
                        Eb
I spent all my life just dying for
                    Bb
a love that passed away.
          Eb
There s an end to all my sorrow
                               G#
this is the only price I ll pay.
                      Eb
I ll be a happy man when I go,
          Bb   **Eb**
and I canâ€™t wait another day.

[Chorus]

```
Eb                G#                        Eb
This killin time. is killin me.
                      Bb                     Eb
Drinkin myself blind thinkin I won t see
                                G#                    Eb
that if I cross that line  and they bur-y me
                          C#                G#              Eb
well, I just might find I ll be killin time for eternity.

[Outro]
                          C#                    G#              Eb
Yes, I just might find I ll be killin time for eternity.
