Spend My Time
By Clint Black

Intro: **C# C#add9 C#, F#add9 Ebm F#add9**

(When doing C chord, add pinky to high E string 3rd fret. When doing the Dm, just like Fadd9 only move your pinky up to the B, 3rd fret)

C# C#add9 C# C#add9
How can we know how far the long way can be
C# C#add9 C# C#add9
Looking from where we are it never seemed that long to me
F#add9 Ebm F#add9 Ebm
I ve many miles behind me maybe not so much ahead
C# C#add9 C# C#add9
Seems I made good time with the directions I misread

Chorus:

Ebm F# C# G#
I m gonna spend my time like it s going out of style
Bbm F# C# G#
I m moving the bottom line farther than a country mile
Ebm F# C# Bbm
I still have hills to climb before I hit that wall
F# C#
No matter how much time I buy, I can never spend it all

C# C#add9 C# C#add9
Funny thing that time, we re always running out
C# C#add9 C# C#add9
I m always losing mine, there s not enough of it about
F#add9 Ebm F#add9 Ebm
And though it s always here, it will always come and go
C# C#add9 C# C#add9
The days become the years that ll be gone before you know

Chorus 2:

Ebm F# C# G#
I m gonna spend my time like it s going out of style
Bbm F# C# G#
I m moving the bottom line better than a country mile
Ebm F# C# Bbm
I still have hills to climb before I hit that wall

F#
I won t go quietly into that dark night
F#
There ll be no more burning daylight

C#

I ll be living in

G#

Every moment that I m in

Chorus
