Although the key of this song is Bbm, the minor 3rd is not very pronounced  
and resembles more of a Bbm5--a minor power chord (!!)

verse2 Bottle of scotch whiskey, whatever you find  
When you?re out on a wire, it?s a matter of time

Changing every moment when you're taking the fall  
There's everything to gain when you're losing it all  
Feel your head spinning with your feet off the ground  
You climb the wrong ladder and it's keeping you down  
Think you're gettin' higher, but you're still layin' low  
And you don't want to be anyone you know
