Within these empty walls

I ve been talking to myself again

C **G**
You don t hear a word

Am
But bother to explain it when

F
You say that I should try

Am
But I feel I m half alive

F **Dm**
The rest of me is somewhere else

(refrão)

C
I wish the world would just spin faster

F
You were my happy ever after

Am
You re looking at me

Am
You re waiting to see

F **G** **C**
The difference, the difference in me

You keep telling me to grow up

Am
How could I be when you never

Am
See the difference

F **C**
The difference in me

I don t wanna fight
Don t care whose right or wrong anymore
I m sick of all this pain
Can it be the way it was before

When I always made you smile
Seems it s been awhile
But now you re always out of reach

I m not afraid to walk right out that door
