

**Ghost
Clutch**

Ghost by Clutch transcribed by DWdrummer67

This song is transcribed as the main acoustic part only. If you want all of the electric parts, I d recommend looking for the tab instead. Thanks, and enjoy!

The Am filigree is played by keeping your middle and ring fingers in the 2nd fret Am position. You never have to lift your middle and ring finger. Merely shift your fore finger and pinky back and forth to hit the other notes.

Am A5 Dsus2 Am A5 Am. There are a couple of hammer-ons in there, but you ll get it if you listen to it.

The G7 filigree is played by playing G7 in traditional finger placement (playing with your fore, ring and middle fingers only) and hammering the high E string on the 3rd fret (this completes a G chord).

The whole intro is played using combinations of: **Am A5 Dsus2 Am A5 Am , G G7 G G7**

If you use these chord combos and have an ear for music, you ll get it for sure.

Good luck and have fun!
