

Teardrops In The Rain

CNBLUE

Intro : E A B A B C#m

No one ever sees, no one feels the pain

Teardrops in the rain

I wish upon a star, I wonder where you are

I wish you re coming back to me again

And everything s the same like it used to be

I see the days go by and still I wonder why

I wonder why it has to be this way

Why can t I have you here just like it used to be

I don t know which way to choose

How can I find a way to go on ?

I don t know if I can go on without you oh

Even if my heart s still beating just for you

I really know you are

Not feeling like I do

And even if the sun is shining over me

How come I still freeze ?

No one ever sees, no one feels the pain

I shed teardrops in the rain
