We fell in love

G
Right by the ocean

C G
Made all our plans

F
Down on the sand

Am
And from the tips of your fingers

C
Down to the soles of your feet

G
A glimmer in your skin

F
That I can't believe

Am
And take a trip to the sea

C
Let your hair run, run free

G
You're a rebel in disguise

F
Is that the devil in your eyes

F Am
We fell in love

G
Right by the ocean

C G
Made all our plans

F
Down on the sand

F Am
We fell in love

G
Right by the ocean

C G
Made all our plans

F
Down on the sand

Am
Wider smiles than I've ever seen

C

Your little arms hug your body

G

This is more than I can take

F

You re the fruit that I can taste

Am

You only seek what you give away

C

You ll only speak what you wanna say

G

You ululate like a warrior

F

I ll make you shake like your bed girl

This is our garden girl
 We live in a fractured world
 Willing to be the same
 Same as it always was
 We re in a rapture girl
 We live in a lonely world
 Willing to be the same
 Same as it always was
