

Young Love
Coby Grant

[Verse 1]

G **C**
In the start in the dark I didn t know
Em **D**
What you felt like on the inside, but the outside view was quite nice
G **C**
Then we spent days in bed and time went slow
Em **D**
We started out adventure as we ventured out together
Am **D**
Knowing only That our love was growing

[Chorus]

G **C**
Young love, young love nothing quite the same
Em **D**
Young love, young love it changes in a day
G **C**
Young love, young love doesn t ask too much
Em **D**
Young Love, young love I think we re old enough
Am **D**
To know that this is much more than just
G
