

Nameless

Cocaine 80s

Standard Tuning:

F Am B Dm (Repeat Sequence all over the verse)

Why is it so hard to describe?
I, would call it love if it rhymed
But I need the perfect word
I even rehearsed it first

B F

So I won't get confused

B 5th fret **Dm** (**Am** shape)

So I know how to use, this thing

B

Girl it's the only truth

F

It's the only damn thing

6th fret **Bb** (**E** shape)

In my understanding

8th fret **C** (**E** shape)

That could get us through

F Am B Dm (Repeat all over the chorus)

The word is you

And the world is you

It's you baby

It's you baby

Ohhhhhh

It's you baby
