Just Around The Corner
Cock Robin
[Intro]
G G/F# Em
[Verse]
                    D
                                 Em
Things aren t quite as they seem inside my domain
                    F#m
You can t know about everything, only pleasure and pain
                D
                                Em
You wonder why I come here with head to my hands
               F#m
Where else can I be cured and the king of your mansion
A thorn in your side, a child to protect
That claims he s free
[Chorus]
                                       F#m
Just around the corner, half a mile to heaven
Strong enough to hold you, starved for some affection
Darling come quickly, come ease my worried mind
                                           F#m A
For my prayers have not been answered in a long time
[Instrumental]
G G/F# Em
[Verse]
             D
                          Em
I ve already made my bed, like it or not
                     F#m
                                       Em
As long as there s no regrets I ll be here when the ride stops
These comforts to me and these crosses to bear
With which we live
[Chorus]
Just around the corner, half a mile to heaven
Strong enough to hold you, starved for some affection
        G
