Years of being told you ain't as good as us
Join the line, sign your name
And they all said that our country's going bust
But no-one's fooling us again

D E A

England belongs to me
A nation's pride the dirty water on the rivers

D E A

No one can take away our memory

D E A

Oh Oh, England belongs to me

D E A

We'll show the world that the boys are back to stay
And you all know what we can do
Heads held high, fighting all the way
For the red, white, and blue

D E A

England belongs to me
A nation's pride the dirty water on the rivers

D E A

No one can take away our memory

Oh Oh, England belongs to me
