A shimmer in the midnight

A flower in the twilight

A flower in the twilight

Am **C**
And our screaming
G **Em**
Is in his screaming
Am **C** **G** **Em**
Our screaming in the willow tree.

They took him to the gallows
Am **F**
He fought them all the way though

His name

We died just before him
Am **F**
Our eyes are in the flowers

Is in his screaming
Our screaming in the willow tree

Our milky milky cradle
Our lockets long have rusted
His picture worn and weathered
Our hair is in the garden
The roses in our toeses
Our heart are in the blossoms
Our eyes are in the branches

Chorus x2

And our screaming
Is in his screaming
Our screaming in the willow tree
