

Ohio
CocoRosie

F **C**
Out from my window across from the city
G **Am**
I have what s considered a good view
F **C**
Two blocks from the subway, three from the fountain
G **Am**
Where I walk to break in new shoes

F **C**
She stands on the sidewalk just waving at taxis
G **Am**
Like horses in parades in fancies
F **C**
I ask where she s headed she tells me
G **Am**
Ohio, I ve not seen my mother in ages

F **C** **G** **Am**
It s been a long time, a real long time
F **C** **G** **Am**
It s been a long time, a real long time

F **C**
Out from my window How far is Ohio?
G **Am**
She laughed and pointed out east
F **C**
She said I grew up there with my dear mother
G **Am**
And I haven t seen her since thirteen

F **C**
You see, I was taken while she lay sleeping
G **Am**
By my father s hired men
F **C**
We moved to city so far from my family
G **Am**
I haven t been back there since

F **C** **G** **Am**
It s been a long time, a real long time
F **C** **G** **Am**
It s been a long time, a real long time

F **C**
