

The Fast Lane
Cody Jinks

[Intro]

D D D

[Verse 1]

D **Bm** **Em**
The smoke and the booze don t treat me like they did back then.
G **D**
Those little white pills we took to forget where we d been.
D **Bm** **Em**
And I ve seen first-hand what the needle has done to my friend.
G **D**
Thank God I m still here to stay away from the places I ve been.

[Chorus]

C **G** **D**
You ve got to slow down while we can still see the miles.
Am **G** **D**
Put on the brakes in the fast lane and rest for a while.
C **G** **D**
You live with your demons long enough they seem like your friends.
Am **G** **D**
Put on the brakes in the fast lane before your road ends.

[Verse 2]

D **Bm** **Em**
That first cigarette didnâ€™t do much, the second one did.
G **D**
That first taste of whiskey was good when I was a kid.
D **Bm** **Em**
So, Iâ€™ll tell you first-hand Iâ€™ve been there, I know where you are.
G **D**
In ways I am still that kid with eyes for the stars.

[Chorus]

C **G** **D**
You ve got to slow down while we can still see the miles.
Am **G** **D**
Put on the brakes in the fast lane and rest for a while.
