

**Better Be Mine**  
**Cody Simpson**

Hey Guys ! This is my first tab, and I couldn't find any chords for this song, even though it's my favorite off of Cody's new album. Let me know if something doesn't sound right and I'll try my best to fix it ! I found the chords that were easy for me to sing with, but we don't always have a perfect ear.

Pretty easy, basic chords, capo on 2nd fret !

**Am**

Yeah I know it's a mistake girl

**C**

Cause every heart you're gonna break girl

**G**

But it don't matter what they say

I'm a do it anyway

Cause baby you're my whole world

**Am**

And if you wanna fight girl

**C**

I say wrong is the new right girl
