If You Left Him For Me
Cody Simpson

Cody Simpson - If You Left Him For Me

~no capo

[Intro]

C#, **Fm**, **F#**, **Bbm**, **Fm**, **F#**

[Verse 1]

```
C#                               Fm        F#
Does he call you gorgeous even in the mornin ?
     Bbm                 Fm F#
 Cause I would, I would
C#                               Fm          F#
Does he make you laugh when he s texting you in class girl?
     Bbm                Fm F#
 Cause I would, I would
```

[Pre-chorus]

```
           C#                     Fm        F#
Don t need no money, Oh honey, I just need you
           Bbm                  Fm        F#
It might be crazy, but maybe, you need me too
              C#
Let s hit the city, come with me
   Fm         F#      Bbm          Fm F#
Yeah I ll show you a thing or two
```

[Chorus]

```
           C#                        Fm
I would love you longer, I would kiss you softer
           Bbm                   F#
I could give you everything you need
           C#                        Fm
I would hold you tighter, make you smile wider
     Bbm                 F#
If you just left him for me
          C#      Fm             Bbm        F#
Girl you can t deny, that we re two of a kind
                   C#                           Fm              Bbm
```

```
                                                                     C#                              Fm               Bbm
I swear that I ll be worth it, don t you see how perfect it would be
    F#                        C# Fm Bbm F#                    C# Fm Bbm F#
C#
If you left him for me    If you left him for me    If you left him for me

[Verse 2]

C#                              Fm              F#
Does he make you mix tapes when you ve had a bad day?
        Bbm              Fm F#
 Cause I would, I would
C#                              Fm          F#
Does he buy you roses when you feelin  low girl?
        Bbm              Fm F#
 Cause I would, I would

[Pre-Chorus]

                C#                      Fm          F#
Don t need no money, Oh honey, I just need you
            Bbm                      Fm          F#
It might be crazy, but maybe, you need me too
                C#
Let s hit the city, come with me
    Fm          F#        Bbm          Fm F#
Yeah I ll show you a thing or two

[Chorus]

                C#                              Fm
I would love you longer, I would kiss you softer
                Bbm                      F#
I could give you everything you need
                C#                              Fm
I would hold you tighter, make you smile wider
        Bbm                      F#
If you just left him for me
            C#        Fm              Bbm          F#
Girl you can t deny, that we re two of a kind
                        C#                              Fm                Bbm
I swear that I ll be worth it, don t you see how perfect it would be
    F#                        C# Fm Bbm F#                    C# Fm Bbm F#
C#
If you left him for me    If you left him for me    If you left him for me

[Bridge]

Bbm G# C#    F#                    Bbm G# C# F#
    If you left him for me    If you left him for me
```

```
              Bbm                            G#
I would love you longer, I would kiss you softer
                 C#                F#
I could give you everything you need
              Bbm                          G#
I would hold you tighter, make you smile wider
        C#                    F#
If you just left him for me

[Chorus]

                 C#                            Fm
I would love you longer, I would kiss you softer
              Bbm                   F#
I could give you everything you need
                 C#                      Fm
I would hold you tighter, make you smile wider
        Bbm                   F#
If you just left him for me
            C#       Fm             Bbm          F#
Girl you can t deny, that we re two of a kind
                      C#                           Fm              Bbm
I swear that I ll be worth it, don t you see how perfect it would be
     F#                   C#
If you left him for me
```
