

The Gutter
Coheed and Cambria

[Verse 1]

Bm **G**
Over my dead body
Em
The stars will let you know
G A
It s over
Bm
Now if I had my way
G **Em**
I would leave you here to waste your final days
Em
Buried beneath
F#5 A5 B5 D5 F#5 A5 B5 D5
With the possibility of how things could be!
Bm **G**
Oh, please rest assured this was not my fault
G
And time is getting short
Em
So I ll be here if you want me
F#5 A5 B5 D5 F#5 A5 B5 D5
Beaten and covered in a red so bloody!
G Bm A
Oh my darling, can you hear?
G Bm A
My words so pure they burn your lying ears

[Chorus]

G
And so the story goes
Bm A
When I leave will you let me go?
G Bm
When the words stop coming
A
And the fear starts setting in slow
G Bm
Don t let me find you hiding under the covers
A
It s your last chance honey, better
N.C.
Call your mother!

All hope is lost down in the gutter
