

Ether
Coil

You basically play the basic **A** and **F** chord progression. If you want, you can add a **B** before the **A** and/or a **G** (I think) before the **F** in random intervals. There are some parts where something like a **C** is played before both chords.

A F x5

A F B A F

It s either ether or the other

A F A F

My mind is back to front

A F A F

And sometimes absent

A F

And slip the cup

A F B A F A F

I ve taken a sip from the cup that slips into ether

A F x3

A F B A F

It s either ether or the other

A F x2

A F B A F

I press my window to the glass

B A F A F

The glass turns to gas

A F A C F

I breathe out ether, a glass of ether

C A C F A

Ether is a thief

A F A F

It s stolen my belief

A F x10

B A F A F

Slip through the ether

A F A F

We both slip through the ether

A F A F

Slipstreams of memory slipping away

A F B A F

It s ether

A F

Etimai and role of god x4

B A

F A F

Slip through the ether

A F

Sip the ether

A F

Sip the ether

A F

A F A F

Slipstreams of memories slipping away

A F A F

Slipstreams of memories slipping away

A F A F A F

Memories of nausea slipping away into ether

A F

Into ether

A F x3

A

F A

I ve changed my mind

F

It s what it s there for

F B A

I ve changed my mind

F

It s what it s there for

A F A

For therefore

F A

Full of ether

C F A

Full of ether

C F A

Full of ether

F A

Full of ether

C F A

Full of ether

F A

Full of ether

F A

Full of ether

F B A

F A x10

F

A F

I m going upstairs now

A F

To turn my mind off

A F

I m going upstairs now

A F

To turn my mind off

A F

A F

To turn my mind off x7
