

In Love Again  
Colbie Caillat

Verso:

**C** **Am**  
Remember the day our lips touched in the rain  
**F** **G**  
Fireworks through my veins into my heart  
**C** **Am**  
Remember the nights dancing under the sky  
**F** **G**  
I got lost in the moonlight, found in your dark eyes

Refrão:

**C** **G**  
Ohh I wanna fall in love again but this time  
  
But this time with no regrets  
**Am** **G**  
I wanna give it all again but this time  
  
But this time with no secrets  
**Dm** **G**  
I don t want just anyone, not anyone new  
**C**  
I wanna fall in love again with you  
**Am**  
With you, with you  
**F**  
I wanna fall in love again with you  
**G**  
With you

Verso:

**C** **Am**  
Can we forget all the lies that we ve laid?  
**F** **G**  
Take us so far away from the truth  
**C** **Am**  
Can we erase all the tears and regrets?  
**F**  
The fear hiding in the pain  
**G**  
The shadows of yesterday
