Capo Intro: **D G A G**

D G A G

I came apart inside a world
Made of angry people
I found a boy who had a dream
Makin everyone smile He was sunshine
I fell over my feet like bricks under water

G A G A

How am I supposed to tell you how I feel, I need oxygen

D A

Oh baby if I was your lady

G

I would make you happy

A

I m never gonna leave, never gonna leave
Oh baby I will be your lady, I am goin crazy, for you

And so I found a state of mind
Where I could be speechless
I had to try it for a while to figure out this feelin
This felt so right, pulled me upside down
To a place, where you ve been waiting

G A G A

And you dont wanna keep me waitin
Starin at my fingers, feelin like a fool

(Intro)

So tell me what you want baby tell me what you need,
Anything I ask baby give it to me, baby give it to me give it to me.
