```
I ve dreamed of
and I know it s in me
that I will become
who I want to be
(same chords throughout rest of song ^^)
and I finially found it and I am taking the long way out
Cause it s gonna be,
something special to me
Something special to me
Days go by and I grow stronger
It takes time, but I ll never let go
Days go by and I ll try harder to make it mine, I know...
It s something special to me
More than I hoped for
More than I dreamed of
```

This is how it should be.
More than I hoped for
More than I dreamed of
This is how it should be.
