Tied Down
Colbie Caillat

```
F#                              C#
Ohhh I, Don t know what to say
F#                         C#
And I, have told you lately
F#                                                    C#
That I m tired of talking about the same old reasons we change
F#                                            C#
Just take it easy don t worry about these mistakes

F#
Because I m keeping it cool, now thinking about you,
                                C#
sticking around and if we should pay
F#
Tied down,looking around and

                                      C#
I know what I want so don t hold me down

F#                     C#
Oh I, I don t play games
F#                       C#
And I, I have been learning
F#                                                   C#
To just to let it all go and quiet when I feel like speaking
F#                                               C#
My mind done whatever it is I need to make clear and just say

F#
That I m keeping it cool, now thinking about you,
                                 C#
sticking around and if we should pay
F#
Tied down, I m looking around and

I know what I want so don t hold me
Bbm    Ab    C#
down...
Bbm    Ab    C#
Down....
Bbm    Ab    C#
Down....
                      Ab
Don t you hold me down

F#
Because I m keeping it cool, now thinking about you,
                                C#
```

sticking around and if we should pay
F#
Tied down,looking around and

                                                       C#
I know what I want so don t hold me down

F#   **C#**
Oh I, I can t take it
F#   **C#**
So please please please won t you listen
F#   **C#**
To the troubles all around me, I m caught up and I m barely breathin
F#   **C#**
But I m finding that holding on is harder than never leaving
