

**We Both Know**  
**Colbie Caillat**

Capo 1

[Verse]

**D**

They all say it  
All the ones that made it

**G**

Once you find the one you claim it

**D**

But you re gonna have to fight

**D**

When I think back  
The things that threw us off track

**G**

We handled like a heart attack

**D**

Cause we didn t see the light

**Em G**

Oh, yeah, now

[Chorus]

**D G**

We both, know our

**Bm G**

Own limitations, that s why we re strong

**D G**

Now that we spent some time apart

**Bm G**

We re leading each other, out of the dark

**G**

Cause we both know

[Verse]

**D**

From this moment  
Forget what we were scared of

**G**

Say we re never giving up

**D**

You say you ll always

Try to be my

**D**

Helping hand  
Try to be the one who understands

**G**

When things don't go as you've planned

**D**

We're still worth it all

**Em G**

Oh, yeah, now...

[Chorus]

**D G**

We both, know our

**Bm G**

Own limitations, that's why we're strong

**D G**

Now that we spent some time apart

**Bm G**

We're leading each other, out of the dark

**G**

Cause we both know

[Bridge]

**G D**

What we're scared of (what we're scared of)

**G**

And what dreams are made of (what dreams are made of)

**Bm**

They can take us further than what anybody can see, yeah

[Chorus]

**D G**

We both, know our

**Bm G**

Own limitations, that's why we're strong

**D G**

Now that we spent some time apart

**Bm G**

We're leading each other, out of the dark

**D G**

We both, know our

**Bm G**

Own limitations, that's why we're strong

**D G**

Now that we spent some time apart

**Bm G**

We're leading each other, out of the dark

**G**

Cause we both know

**G**

We both know.
