FLAME TREES by Cold Chisel

An old Aussie favourite by ex-mega band Cold Chisel. No big surprises here, just a great tune. Enjoy.

[Intro]

A E A E

[tab]**A E**
The kids are driving and Saturday afternoon just passed me by[/tab]
[tab]**A E**
I m just savouring familiar sights[/tab]
[tab]**A E**
We shared some history, this town and I[/tab]
[tab]**A B G#m Av**
And I can t stop that long-forgotten feeling of her[/tab]
[tab]**A B E**
In time to book a room and stay tonight[/tab]

Number 1 is to find some friends and say "you re doing well --
After all this time you boys look just the same"
Number 2 is the Happy Hour at one of two hotels
And settle in to play "Do you remember so-and-so"
Number 3 is never say her name

[Chorus]

[tab] **A B F#m**
And oh the flame trees ll blind a weary driver[/tab]
[tab] **A B E**
And there s nothing that can set fire to this town[/tab]
[tab] **A B C#m E**
There s no change, there s no pace, everything within its place, [/tab]
[tab] **A B E**
Just makes it harder to believe that she won t be around[/tab]

[Verse]

[tab]**A E**
Oh, who needs that sentimental bullshit anyway[/tab]
[tab]**A E**

It takes more than just a memory to make me cry[/tab]
 [tab]A E
 And I m happy just to sit here at a table with old friends[/tab]
 [tab]A E
 And see which one of us can tell the biggest lies[/tab]
 [tab]A E
 And there s a girl, she s fallin in love near where the pianola stands[/tab]
 [tab]A E
 With a young local factory auto worker -- just holdin hands[/tab]
 [tab] A G#m B
 And I m wondering if he ll go or if he ll stay[/tab]
 [tab]C G C G D E
 Do you remember, nothing stopped us on the field in our day[/tab]

[Chorus]

[tab] A B F#m
 And oh the flame trees ll blind a weary driver[/tab]
 [tab] Av B E
 And there s nothing that can set fire to this town[/tab]
 [tab] A B C#m E
 There s no change, there s no pace, everything within its place, [/tab]
 [tab] A B E
 Just makes it harder to believe that she won t be around[/tab]
